

# Lucky Escape

## Years & Years

I wrote it down when I first met you  
The way that you stared at me  
You're so damn smart, you think you're special  
But maybe I wouldn't agree  
Don't lose perspective, we all get damaged  
And some of us don't ever heal  
But you must be happy without me

From all of the pictures I've seen of the two of you  
Is he a model?  
I'm not surprised, you're so vain  
Let's not pretend like we didn't have problems  
And I'm back to being angry again  
Yeah

You never said the things you wanted, you kept them in  
You made a scene  
And now it haunts you, what might have been  
You're so deluded, you're such a fake  
And now you got somebody else to manipulate  
I think I dodged a bullet  
I made a lucky escape

You probably think I must be broken  
Promiscuous boy, be ashamed  
Well I can tell you honey, I'm potent  
At least I own up to mistakes  
Don't lie to me now, just have some courage  
And show them who you really are  
All this is too exposing

Do I have to see all the pictures of both of you  
Is he a model?  
I'm not surprised, I'm so vain  
Let's not pretend like we're solving the problem  
And I'm back to being angry again  
Yeah

You never said the things you wanted, you kept them in  
You made a scene  
And now it haunts you, what might have been  
You're so deluded, you're such a fake  
And now you got somebody else to manipulate  
I think I dodged a bullet  
I made a lucky escape

You just come back a little too late  
I'll be making my lucky escape  
You just come back a little too late  
Make my lucky  
Make my lucky escape  
You just come back a little too late  
I'll be making my lucky escape  
You just come back a little too late  
Make my lucky  
Make my lucky escape

You never said the things you wanted, you kept them in  
You made a scene  
And now it haunts you, what might have been  
You're so deluded, you're such a fake  
And now you got somebody else to manipulate  
I think I dodged a bullet  
I made a lucky escape
