

# Worship

## Years & Years

Wanna be here tonight  
Wanna hide in your light  
Wanna cover my eyes, I feel you reflect in me  
I worship all that you see

Can I still make it right?  
Can I be what you like?  
Can I keep up this fight?  
I hope that you'll never know  
Why I need your control

(I'm holy I want you to know it)  
You're all I need to survive  
(I'm holy I want you to know it)  
Blind devotion  
(I'm holy I want you to know it)  
And you'll be my sacrifice  
(I'm holy I want you to know it)  
You say you love...

I worship, high praises  
My longing drives me crazy for you  
My kingdom for your graces  
I'm not gonna tell nobody  
I'm not gonna tell nobody bout you  
I'm not gonna tell nobody bout you

Gotta hold my head up  
Gotta move for your touch  
Gotta keep my lips shut  
I'll do what you tell me to  
Cause in darkness I follow you  
I follow you

(I'm holy I want you to know it)  
You're all I need to survive  
(I'm holy I want you to know it)  
Blind devotion  
(I'm holy I want you to know it)  
And you'll be my sacrifice  
(I'm holy I want you to know it)  
You say you love...

I worship, high praises  
My longing drives me crazy for you  
My kingdom for your graces  
I'm not gonna tell nobody  
I'm not gonna tell nobody bout you

Just tell me how I can prove  
I'm the one for your fire  
And I'll take you higher  
I'll do it for you  
And you can worship me too

(I'm holy I want you to know it)  
(I'm holy I want you to know it)

(I'm holy I want you to know it)  
(I'm holy I want you to know it)  
(I'm holy I want you to know it)  
(I'm holy I want you to know it)  
(I'm holy I want you to know it)

I worship, high praises  
My longing drives me crazy for you  
My kingdom for your graces  
I'm not gonna tell nobody  
I'm not gonna tell nobody bout you

I worship, high praises  
My longing drives me crazy for you  
My kingdom for your graces  
I'm not gonna tell nobody  
I'm not gonna tell nobody bout you  
I'm not gonna tell nobody bout you
