

Reanimate The Dead

Yendri

Return to a better life
Forgiven is nothing
Complete resistance
Is our freedom

Reanimate the dead
And the earth will quake
The world will shake

Enchant the machines
The air will burn
And the sea will bleed

The signs are clear
And everything is serious
Complete freedom
Is our future

Reanimate the dead...

No word has been spoken
Nobody is involved
Everything is complete

Reanimate the dead...
