

## Can't Forget

Yo La Tengo

Seems like falling down  
Or away lost at sea  
Or the one that's left behind  
Or the wake of you and me

Maybe I know that  
Maybe it's better  
But I can't forget the time

I know where I am  
Every day every night  
Like the one who knows too much  
Trusts the same old thing

Maybe I know that  
Maybe it's better  
But I can't forget the time

Realizing nothing  
I remember when

Maybe I know that  
Maybe it's better  
But I can't forget the time

Maybe I know that  
Maybe it's better  
Maybe it's nothing  
But I can't forget the time
