

## Moby Octopad

Yo La Tengo

Locked in a kiss  
Outside eyes cease to exist  
We'll shut it out of the fist  
Spying eyes cease to exist, we'll shut it out

Eight o'clock, the lights are on at Shea  
Phone turned down, we've nothing much to say  
Dozing off the TV drones  
House key makes them turn and glance for home

Locked in a kiss  
Outside eyes cease to exist  
Flayed of the fist  
Spying eyes cease to exist, we'll shut it out
