

# The One to Cry

Yo La Tengo

I told you if I ever caught you fooling round again  
That if you were untrue  
That you and I are through  
But now I've caught you and I know that this should be the end

Though I should tell you so  
My heart keeps saying no  
Oh if I say goodbye then I am gonna be the one to cry

Cry cry cry cry  
Cry cry cry cry  
Cry cry cry cry  
Cry cry cry cry

Oh I can't bare to be the one to keep you from my side  
How could you be so cruel  
You played me for a fool  
But if I change my mind then I would throw away my pride

So now what should I do  
Oh how I wish I knew  
Oh if I say goodbye then I am gonna be the one to cry

Cry cry cry cry  
Cry cry cry cry

So now what should I do  
Oh how I wish I knew  
Oh if I say goodbye then I am gonna be the one to cry

Cry cry cry cry  
Cry cry cry cry  
Cry cry cry cry  
Cry cry cry cry  
Cry cry cry cry  
Cry cry cry cry
