

# You Tore Me Down

Yo La Tengo

Everybody knows  
That you've been untrue  
You've gone and broke my heart  
And made me blue

Turn my head around  
When you tore me down

If I had a choice  
I might be sad  
'cause when I hear yr voice  
It makes me glad

Baby's not around  
But she's leaving town

Baby  
Baby  
Don't run away  
I want you to stay  
I'm sorry  
So sorry  
I made you blue  
And now you should be sorry too  
Should be sorry too

Now I'm so alone  
Yr far away  
I sit here at home  
No words to say

To anyone around  
'cause you tore me down

Tore me down  
Tore me down  
Tore me down
