

Fuego

YONAS

Yup, okay though
You know the vibe, Fuego
Just move when I say so
I'm Jordan, overtime
Yup, okay though
You know the vibe, Fuego
Just move when I say so
I'm Kobe, overtime
Yup, and you know I've been here for ya
I've been, I've been here for ya
Sideline, I cheer for ya, oh yeah
Yup, okay though
You know the vibe, Fuego
Just move when I say so
I'm Jordan, overtime

No map but I know that we don't belong here
The coldest December, it was a long year
You put out my fire, I know you don't care
I just wanna know what happened to the person that would ride for me?

Yo, who really want it, man? I got the juice
You need a army? Well, I got the boots
Ready to fire, who I gotta sue?
I was tied up and now I've gotten loose
I am the one, I am the truth
Look at my resume, I got the proof
I had the truck when the truck was a thing
But I gave the truck back and now I got the Coupe
This a cremation of all of your favorite artists and I got my suit
It's like I'm the media, these rappers carrying [?] shit
I got all of 'em mute
Guess it's what happens when you your own label
I'm printing the money, they gotta recoup
I was away but they call for the Fuego
So hasta luego, I'm back in the booth

Yeah, I hope that everything's alright with you
Yeah, I wrote this letter, let me slide it to you
Yeah, I remember looking in your eyes
Thinking you can be the fire in my life

Yup, okay though
You know the vibe, Fuego
Just move when I say so
I'm Jordan, overtime
Yup, okay though

I know, I know my life doesn't mean as much as
Yours does, at least that's the way I'm made to feel
I got Fuego burning deep inside of me and
I just wanna know what happened to the person that would ride for me?

Back with the future, man, back with the flow
Back with the Fuego, yeah, I got the most
You got your city, well I got the coast
And the way I be cookin' ,man, all of y'all toast
I throw the money, man, I make it float
You got a problem? Well I got the quote
'Cause all of these riches ain't just for these bitches
I got a hit list, I wan't all of y'all smoked
Feel like Omari, man, feel like I'm ghost
I know it's why I'm so hard to approach
Upward trajectory, I'm on a slope
I'm on a wave, I bought a boat
This is my life, this ain't just what I wrote
I got some issues, man, I'm tryin' to cope
Got a few friends, I keep 'em close
Everyone else? I'm at your throat

Yeah, I hope that everything's alright with you
Yeah, I wrote this letter, let me slide it to you
Yeah, I remember looking in your eyes
Thinking you can be the fire in my life

Yup, okay though
You know the vibe, Fuego
Just move when I say so
