

I stopped wasting energy
And started building a legacy
Yo, what happened to the unity?
Don't want to ever have to read another eulogy
This shit ain't have nothing to do with me
I'm trying to tell you how I feel
What the fuck they gonna do to me?
Trying to hold on to everything that's true to me

Cuz they trying to take me away
But I won't go
Cuz they trying to take me away
But I won't go
But I won't go
But I won't go

Cuz they trying to take me away
But I won't go
Cuz they trying to take me away
But I won't go
But I won't go
But I won't go
But I won't go

Forever is a mighty long time, but forever is the light y'all need so I shine
See the glass staircase to the sky
Now I climb all the way, ain't telling all the things that I'll find
And they really try and block my path
But it was written, so they really can't stop my wrath
And they really try and stop my flow, so I had to let them know
That I won't go

But I won't go
But I won't go
But I won't go
