

## Radio Flow

YONAS

Let the radio speak baby listen to the sound  
Put your hands up if you reppin' for your town  
I'm coming from New York but I'm good in every city  
So go on sing along if you people ridin' with me  
Let the radio speak

If the radio could speak it'd probably say that I'm the baddest  
I ain't talkin' about a state I mean the atlas  
Now my fans call me moonwalk Jackson  
Cause I be movin' forward even when I'm walking backwards  
For real, I'm just trynna chill  
But I got a look that paparazzi wanna steal  
So you'll never see my pen jottin' on a deal  
Unless a label offers me a Maserati and a mil  
For real, I'm cold as an igloo  
If you ain't getting paper man what type of player is you  
If you got an issue you can bet that I won't diss you  
Cause these rappers play with Glockes

I'm shinin' like whoa  
My timing like fast  
And your timing like slow  
I got a thing for ladies that show up when I play my shows  
Cause I make love to them through all of their radios  
Let the radio speak baby listen to the sound  
Put your hands up if you reppin' for your town  
I'm coming from New York but I'm good in every city  
So go on sing along if you people ridin' with me  
Let the radio speak baby listen to the sound

Let the radio speak

Can y'all hear it, can y'all hear it  
Yo the radio's buzzin'  
Talkin' about an artist that's the smartest and y'all love him  
I serve that food for thought and y'all grub it, I be buggin'  
Cause my studio's a kitchen and my booth's a fuckin' oven  
But there's a line, so don't get out of order  
I got a couple sharpshooters crowded by the border  
Now it's been a while since y'all seen a young New Yorker  
Whose flow is bigger than rappin' it's more like bodies of water

I'm shinin' like whoa  
My timing like fast  
And your timing like slow  
I got a thing for ladies that show up when I play my shows  
Cause I make love to them through all of their radios  
Let the radio speak baby listen to the sound  
Put your hands up if you reppin' for your town
