

Even If you Are Victorious

Yonderboi

Nothing ever changes...
Even if you're victorious...
Even if you're victorious...
You'll still be filled with the poison.
You got to break the chain of evil.
Even if you're victorious, you got to break the chain of
evil...
You got to break the chain of evil...
Even if you're victorious...
Even if you're victorious...
Even if you're victorious...
You got to break the chain of evil with love!
