

## There Is Xxxx (within My Heart)

**You Say Party! We Say Die!**

When the morning comes  
And I don't wanna face the daylight  
When the morning comes  
And I can't make my body rise

When the morning comes  
And the darkness presses on all sides  
When the morning comes  
I'll have to fight

Now I have cried  
My share of tears in the night  
And felt the pain  
An emptiness deep inside

Then a beautiful bird  
Soared into my life  
And with wings outstretched  
It flew straight into my heart

There is love within my heart  
There is love within my heart  
There is love within my heart  
There is love love love...

Now I have cried  
My share of tears in the night  
And felt the pain  
An emptiness deep inside

But then a beautiful bird  
Soared into my life  
And with wings outstretched  
It flew straight into my heart

There is love within my heart  
There is love within my heart  
There is love within my heart  
There is love love love...

I will sing my song  
I will sell my soul  
With wings outstretched
