Verse 1-(Young Bleed)

The ghetto got me givin up no love, tod ya this mornin,

You gotta know a nigga yearnin,

Niggaz stole from the stop an go,

An seperate my weed from the seeds,

An roll an optimo,

An saddle up my cattle cuz lets roll boy,

An every nigga I know, livin it up like a cowboy,

Shootin up some shit, for the fuck of it an I'm lovin it,

I got a tray-80 for rainy days, an I'm huggin it, an muggin,

While I'm sippin on a young tre-deuce, four-five,

All the way live, wit my homies wanna ride, southside,

Got yo mouth wide,

Buggin for nothin, try to twerk somethin nigga

Or hurt somethin nigga,

Look here, I be yo Huckleberry playin it rough,

Quick on the draw like the last outlaw,

Killin 'em softly,

Hollerin dawg get off me,

Tryin to boss me, an cost me a grip,

An got the nerve to get flipped wit a nigga,

But see Trix is for
