Straight out the streets to the mic, this my real life  
Do what the fuck I want, and say whatever I feel like  
Grandma told me god take care of me if I live my life right  
Now BET wanna come and see what I live like  
The same little nigga that never had shit  
Keep a bad bitch, never touch the brick  
Ain't no cure for me, my doctor say I'm stupid sick  
That's why I get on the mic and spit that stupid shit  
Put it in your [?], is you stupid bitch?  
Word on the streets, Dolph you the shit  
My ears are in the streets, so you know I know  
The hood call me Young Dolph the trap god
