

I Luv All My Hoes

Young Dolph

I love all my hoes, and all my hoes love me
All we do is shop, and pop bottles of bubley
I love all my hoes, and all my hoes love me
Keep something extra bad in my passinger seat
I love all my hoes, and all my hoes love me
All we do is shop, and pop bottles of bubley
I love all my hoes, and all my hoes love me
Keep something extra bad in my passinger seat

I love all my hoes, and all my hoes love Dolph
I fuck them extra good, that's why they love my dirty drop
She never seen nothing like me, she say that I'm the best
Pop a bottle, made a toast right after we had sex
I call her Trina, cause lil mama got that slip n slide
Pussy so good, she left a nigga hypnotised
She know that I'm telling the truth when she look in my eyes
I said I love you boo, she said nigga stop lying
She want that watch, all I know is gwop time
All I keep her with is money, nigga not time
Respected everywhere I go, like a stopsign
The breefcase all crispy hundreds when I cop mine

I love all my hoes, and all my hoes love me
All we do is shop, and pop bottles of bubley
I love all my hoes, and all my hoes love me
Keep something extra bad in my passinger seat
I love all my hoes, and all my hoes love me
All we do is shop, and pop bottles of bubley
I love all my hoes, and all my hoes love me
Keep something extra bad in my passinger seat

Red bitch, she rolling my purple weed
She keep her nails done, so she use a grinder
She unzipped my pants, undid my belt, I looked her in the face
She said keep on driving, never mind her
I grabbed the steering wheel, lit my reefer
In my seat, bad turned the speakers up
Asked where I see myself in 3 years, rich as fuck
Off the music or the fruit, I don't give a fuck
But either way it go, I'm getting mine
Everytime I roll up, it look like Christmas time
She might not smoke, but when she with me she smoking
She so strong, I fight her, she started choki

I love all my hoes, and all my hoes love me
All we do is shop, and pop bottles of bubley
I love all my hoes, and all my hoes love me
Keep something extra bad in my passinger seat
I love all my hoes, and all my hoes love me
All we do is shop, and pop bottles of bubley
I love all my hoes, and all my hoes love me
Keep something extra bad in my passinger seat
