

Hey, hey  
Wooooo  
It's Dolph, Dolph Cabana

If I want it bad enough then I go get it  
If I want that pussy baby I can hit it  
If he can't look you in your eye that nigga lyin'  
If she say she ain't never gave head that bitch lyin'  
If I ain't the freshest in here then who is it?  
If you get money then let's race, let's bet a million  
If you a boss then salute a real nigga when you see me  
I'm chasin' bag after bag, every day a different city

I show these boys what to smoke, I taught 'em how to swag  
Excuse me, I'm sorry I don't mean to brag  
When you favorite rapper walk in me and my niggas laugh  
He showin' me this bitch Instagram but I already smashed  
I made them niggas take them old ass 458's back  
Pulled up in that 488 I'm all fresh at the trap, yeah  
Yeah that's that new motherfucker  
They be like "Dolph you a motherfucker"  
How do you do all of this shit by yourself  
Why the streets love you like nobody else?  
My shoes match my belt, my Glock match my coupes  
Codeine in my Mountain Dew  
Your bitch look like [?]  
I'm smokin' weed in the pool  
Nah I don't know how to lose  
I spent 80g's on shoes  
I used to take pees to school  
I always go against the rules, hey

If I want it bad enough then I go get it  
If I want that pussy baby I can hit it  
If he can't look you in your eye that nigga lyin'  
If she say she ain't never gave head that bitch lyin'  
If I ain't the freshest in here then who is it?  
If you get money then let's race, let's bet a million  
If you a boss then salute a real nigga when you see me  
I'm chasin' bag after bag, every day a different city

If I ain't the freshest nigga in it, tell me who then  
Fuck you think you foolin'?  
Yeah I just been coolin'  
I remember bein' caked up when I was a student  
My homeboys they ruthless  
I fucked your bitch clueless  
All these bitches like me  
All these diamonds bitin'  
Neither one of you hoes is my bitch so why y'all fightin'  
Please suck me up and spit it out and I call that bitch trifflin'  
This crazy ass bitch done got the shit all on my Nikes  
I'm gettin' high like Clinton but I'm slick like Obama  
We move like the mob, it's death before dishonor  
Trappin' all winter, flexin' all summer  
Every couple months that's another two commas, ay

If I want it bad enough then I go get it  
If I want that pussy baby I can hit it  
If he can't look you in your eye that nigga lyin'  
If she say she ain't never gave head that bitch lyin'  
If I ain't the freshest in here then who is it?  
If you get money then let's race, let's bet a million  
If you a boss then salute a real nigga when you see me  
I'm chasin' bag after bag, every day a different city
