

# In My Home

Young the Giant

Hey Hey Hey!

Yeah we sleep in cars  
Oh so far from home  
Watch the sun go down  
On the open road  
I've been searching for this  
Part of my life

Then the sun will rise  
We'll be driving slow  
Watch the kids fly by  
On their telephones  
I've been racing all my life  
And now I'm free

Well, I know I was born for this  
Every night I dreamt of it  
In my hooome  
(hey Hey Hey!)

In my hoo-oh-ome

Fast the moon approaches  
And with hungry eyes  
We'll be lighting torches  
We'll be mesmerized  
I've been yearning for this  
Cover of night

When the stars come out  
You are stereo  
Where we going dear  
I know

Well, I know I was born for this  
Every night I dreamt of it  
In my hooome  
In my hoo-oh-ome

We are not lost  
We're just searching  
We are always, always searching for  
Home  
(Hey hey hey!)

We'll be going dear  
Bright lights  
I don't know, I fear  
I'm paralyzed  
I'm paralyzed

In my hoo-oo-ome  
In my hoo-oh-ome  
And we are not lost  
We're just searching  
We are always, always searching for  
(Hey hey hey!)
