I'm telling you I'm okay
You're telling me there's no way now
You're words evaporate

I'm at home I'm watching TV
You think you know what I see now
Life ain't silver screen

Cuz I'm way down deep in the dirt
But oh, baby
I make the best of the hurt

Don't wait for me My life Ain't worth your worries

Or Stay with me My love

I'm telling you I'm okay
You're telling me there's no way now
Don't play me for a fool

Being alone really ain't that bad Do you think I'm really that sad Oh no!

Cuz I'm way down deep in the dirt
But oh, baby
I make the best of the hurt

Don't wait for me My life Ain't worth your worries

Or Stay with me My love

Hey! (10x)

Oh oh oh, wo oh oh
