Thugga, baby

I won't move without my gun, yeah  
And it's cause I'm the one  
She wanna pull my trunks  
Yeah, yeah

But I never told her that I wanna be with her  
And I never told her that I wanna sleep with her  
And I never told her that she gonna eat with me  
Only thing I told the girl is she could bleed with me  
If she don't like it she don't see it  
And she soft I call her Tempur-Pedic  
And I can work magic like a genie  
You can have my son, no Phoenix

Ay, lil momma showing me she don't play  
And she never diss her old boy, no way  
And I never told her nothing bout bae  
And every time I leave she want me to stay  
But she just don't know how to say  
And that's deep but I could say  
And to think I want, I run the day, whoa  
Hand her my taste, cum on her face  
Drank all I waste, okay, mush it not beat it  
Kuna Matata I need you, I am a Mufasa genius  
Baby come fuck for no reason  
I am the opposite, I'm so the opposite B  
I'm the opposite baby
