

## Screaming Ground

YOURCODENAMEIS:MILO

I resent  
What's been said  
Ideas under offer  
Into red  
I object  
All the same  
You and your stupid army  
Are to blame  
Reconstruct  
Or disregard  
I'd loved to pay attention  
Through the shard  
Evacuate  
The lost plane  
And take me to the waters

Of the sane/Seine  
Now in turn  
Walk away  
Nullify, nullify  
Time to run  
Fade it slow  
Your time is up, time is up  
Even though  
We passed the test  
We'll make plans tomorrow  
Maybe then we'll address  
What is on our minds  
Never know a struggle  
Throwing March and April  
To the ground  
Screaming ground  
It moves your every muscle
