

# Anything but Ordinary

Youth Alive

[Verse 1]

Lost in the dark it was hard to find my way  
'Cause the light outside was blocked by shame  
But You came and You rolled that stone away  
I hear Your voices You're calling me to  
Rest in the promises and life You give  
Freely You love and You forgive

[Chorus]

'Cause You've given me something new  
Than what I've ever felt before  
You're breaking through  
It's a long way down but I'll never  
Fall so far that Your love won't reach me  
God Your grace has saved me  
When I forget who I am  
You say I'm anything but ordinary

[Verse 2]

Seeded above my circumstance  
You hold my every worry in Your hands  
I'm found within Your arms again  
If You can use anything  
Everything that I am is Yours  
So Jesus have it all  
Take what's broken make it whole (Woah)

[Chorus]

'Cause You've given me something new  
Than what I've ever felt before  
You're breaking through  
It's a long way down but I'll never  
Fall so far that Your love won't reach me

God Your grace has saved me  
When I forget who I am  
You say I'm anything but ordinary

[Bridge]

Fall too far, I'll never  
Fall too far, I'll never  
Fall too far, I'll never  
Fall too far, I'll never

[Chorus]

You've given me something new  
Than what I've ever felt before  
You're breaking through  
It's a long way down but I'll never  
Fall so far that Your love won't reach me  
God Your grace has saved me  
When I forget who I am  
You say I'm anything but ordinary

[Outro]

Fall too far, I'll never ('Cause You've given me something new)  
Fall too far, I'll never (Than what I've ever felt before)

Fall too far, I'll never (You're breaking through)  
Fall too far, I'll never (It's a long way down but I'll never)  
Fall too far, I'll never (Fall so far that Your love won't reach me)  
It's a long way down but I'll never (God Your grace has saved me)  
Fall too far, I'll never  
You say I'm anything but ordinary
