

I Need You

Youth Alive

Here's my song to the one
Who did set me free
Jesus Christ God's own Son
Yeah He died for me
O Your way is my way
Yeah the way for me
And your face is all
That I'm wanting to see

I need You in my life
Guide my way and light my path
Night and day in every way
I need You
Here we go

I hear Your voice
And come running to that
Sweet sound
You called my name
When I was lost
And You made me found
Now I walk in this love
That You give to me
More like You is all
That I'm wanting to be

I need You in my life
Guide my way and light my path
Night and day in every way
I need You

You picked me up
You turned me around
You put my feet on solid ground
Night and day in every way
I need You
