

Let Me Be

Youth Brigade

You think you know me you don't know shit talking about me have
we even met don't wanna hear another word about me from you and
if i do you'll curse the day you opened your mouth oh just let
me be don't get close stay away from me i don't want your sympathy
don't need your help this is my life get the hell out you don't
need violence to hurt someone there are many ways to kill
without taking a life the only hurt greater than heartbreak is
death but at least when you die it's usually quick i don't need
anyone to tell me all the things i could have done if you're a
friend you'll leave me alone
