

Guilty

Youth Group

I gaze at the scenery.
He hasn't seen it since '93.

He sleeps the sleep of the guilty.
And is guilty that he slept at all.

We agree that words are hard.
While he flinches at the station guard.

He sleeps the sleep of the guilty.
And is guilty that he slept at all.

He shows me shots of his covered head
Taken at the Mascot ANZ.

He sleeps the sleep of the guilty.
And is guilty that he slept at all.
