

Milkshake

Yuck

back in june, i'll pull the plug out
and push the penny in a poem
i am sorry i admit that
admit that what i did was wrong

i don't wanna get you down
i just need to be around
treating me so unkind
you are making a milkshake of my mind

in july, i pull the plug out
and watch the water wash away
i get high to dream and pin out
and i get higher everyday

i don't wanna get you down
i just need to be around
baby, you are so unkind
you are making a milkshake of my mind

(aaaaaaaaaaaaaa)

you are making a milkshake of my mind
you are making a milkshake of my mind
you are making a milkshake of my mind
you are making a milkshake of my mind
(a milkshake, a milkshake, a milkshake of my mind)

you are making a milkshake of my mind
(a milkshake, a milkshake, a milkshake of my mind)

you are making a milkshake of my mind
(a milkshake, a milkshake, a milkshake of my mind)

you are making a milkshake of my mind
(a milkshake, a milkshake, a milkshake of my mind)

you are making a milkshake of my mind
