

Boylife in EU

Yung Lean

Touch me, go on, feel me
Heal me like you would care for me
Touch me, decompose me
Heal me

Don't you want to see the real me?
Thrill me, kill the real me
Thrill me
You're by my side but are you really with me?

Walk these streets till there's
Blood on my feet
Walk these streets

Boylife in EU
Boylife in EU
Boylife in EU (can't feel my heart argh)
Decompose me, decompose you

Pretend that everything is well
That we will meet again
Do you want to meet me again?

Pretend this dream will never end
Some things can't be unsaid
Awake, awake (Awake again)

Boylife in EU
Boylife in EU
Boylife in EU
Decompose me, decompose you

Boylife in EU
Boylife in EU
Boylife in EU (can't feel my face, can't feel my heart)
Decompose me, decompose you (can't stop, get it like this)

Boylife in EU
