SBE Bitch

I'm flexed up, I'm cashed out  
I hop out, roll up  
Tinted windows on the shits, you know I got my bands up  
Tinted windows with my bitch she riding with her xans up  
I'm flexed up, I'm cashed out  
I hop out, roll up  
Tinted windows on the shits, you know I got my bands up  
Tinted windows with my bitch she riding with her xans up

Tinted windows 'round my fucking bitch  
And I'm still riding in the 6  
And I'm still trapping like a bitch  
Your bitch on my motherfucking dick  
I still ride around the town on some tents  
Boys can't fuck with me cause they some simps  
Come up in the booth and heat the shit  
I serve your mommy and daddy cause I'm the shit

Tinted windows on the shits, you know I got my bands up  
Tinted windows with my bitch she riding with her xans up  
I'm flexed up, I'm cashed out  
I hop out, roll up  
Tinted windows on the shits, you know I got my bands up  
Tinted windows with my bitch she riding with her xans up

I'm bossed up, cashed out  
Rocks up, stacks out  
It's a dream, shawty you already know I'm fucking cashing out  
Scarface bitch, now you know there ain't no backing out  
Hit em up don't fuck around  
All these boys wanna come around  
They used to hear me, they don't make a sound  
SBE in your town tonight  
You know we bring ice out  
You know shawty has stacks out  
Lean just brought that pack out  
bar and we sippin'

I'm flexed up, I'm cashed out  
I hop out, roll up  
Tinted windows on the shits, you know I got my bands up  
Tinted windows with my bitch she riding with her xans up  
I'm flexed up, I'm cashed out  
I hop out, roll up  
Tinted windows on the shits, you know I got my bands up  
Tinted windows with my bitch she riding with her xans up

Xans out, bands out  
You know how we do
