

## Kirby

Yung Lean

My watch, my ring  
Post up with drugs, with xans  
I'm falling in love, Kirby my drank  
Money on deck, meet me in the back

We mixing and pouring the drink  
Leandoer fuck what you think  
I'm Mindfucking these girls like a shrink  
Cannes, Cannon, my balls make you sink  
I'm flipping the pack, money pink  
SBE in this bitch I got stink  
Came thru with a rug and a mink  
I'm geeking, my Balmain all pink  
White arm, smoking dope, make it stink  
They call me up when I link  
Bitch I just left in flight  
I'm falling I'm falling on sight  
I think that she might be my type  
Prada shades on my face I'm alright  
My chain black and my diamonds white  
Fuck the fame and the hype  
Lean

My watch, my ring  
Post up with drugs, with xans  
I'm falling in love, Kirby in my drank  
Money on deck, meet me in the back  
My watch, my ring  
Pass me the drugs, and xans  
I'm falling in love, Kirby my drank  
Money on deck, meet me in the back
