

# Lemonade

Yung Lean

I can buy you lemonade, buy you drugs

Coke up in the swisher switching lanes like switching pictures  
[?] stitches  
Turn into the neatest riches  
Hand around the shoulder I see neon kisses  
I'm balling, balling [?]  
Till my hand starts twitching, twitching  
Y'all think I'm so weird, I ain't really human I'm revered  
Couldn't give less fucks about my career  
Posted in a spaceship showing no fear  
No one heard about Lean a month ago, ago  
I was in my bedroom making music, yo  
I make no sense, I make nonsense  
Should've played in the window from my Benz  
Stunting all you haters, I jumped over the fence  
Jumped over the chase, jumped up the top of her  
With my AK-47 in the face  
Take you back to heaven, it's a race  
Counting stacks, smoking [?]  
Bey Bey-blades [?]

I can buy you lemonade, I can buy you drugs  
Arizona tears, Arizona tears  
Arizona tears, Arizona tears

Blood tears on my face all I've got is excalibur  
Shawty ain't gonna slide through, how the fuck I'm gonna die fo  
r her  
Coke up in the swisher switching lanes like switching pictures  
[?] stitches  
Turn into the neatest riches  
Hand around the shoulder I see neon kisses  
I'm balling, balling [?]  
Till my hand starts twitching, twitching

I can buy you lemonade, buy you drugs
