

## Yellowman

Yung Lean

Walk away, I'll fade to grey, but not today  
As long as you are here I'll be okay  
Now, I wanna walk, wanna walk today  
If my life not in grey I'll walk today  
I'll, I'll be your yellowman carcosa land  
I'll be your spaceman, your walking hand  
But not today, want to fade away  
But I keep going (going everyday)

See me moving out of foreigners slow  
She just wanna spend my dough  
Moving out of dungeons slow  
Watch just how I shine and glow  
Louis Vuitton on me, hoe  
Draped up in silk all my 'robe  
Shadows with me where I go  
Bag over my face - freakshow  
Fuck with me I'll bring you down  
Whole crowd they don't make a sound  
Watch the ravens fly around  
I don't care about your sound  
You could try and talk to me  
Visions of reality  
We are slow but we are clowns  
Popping downers, no more crowns
