

# Blasphemy

Yyrkoon

I have created a life of my hands  
I have just succeed in creating a thing  
Nor any female belly  
Will never know how to realize

Blasphemy!?  
But before which god?!  
Blasphemy!?  
But before which god?!

A god rejected by the miserable humanity  
He said he created in his own image  
I won't let myself be hindered  
By the failure of your idol

Blasphemy!?  
But before which god?!  
Blasphemy!?  
But before which god?!

The only blasphemy is to take pleasure  
In the insignificance that I refused  
I want to try what your God didn't succeed  
And I have just triumphed
