

Ember

Zao

My sight finally returns
Only to see my hands covered with the innocent blood
Of those I stand before as an example
And I hold this ember in my heart
It reminds me of who I once was
It's the only warmth that I know

Ember of Your faithfulness
Ember of Your still small voice
Ember of embracing arms
Ember of rebirth to You my King

To You my King I offer up this ember
For the wind of Your Spirit to consume
Consumed by fire, consumed (2x)
Consumed to purge their blood from my hands
