

Suspend/Suspension

Zao

Suspension/suspend
Wires from the ceiling extend
Suspend/Suspension
Your teeth grind from the tension
When the door breaks you are found suspended high
Above the ground
Suspension/Suspend
Death took my old best friend
Suspend/Suspension
Your life is at attention
You are found suspended high
Above the ground encased in wires
What's this?
Death came to you
He does not respect virtue
Your teeth grind from the tension
As wires from the ceiling extend
Watching peige's rotting
Suspended by the suspension of wires
