

# Cash Me Out

Zara Larsson

My people along but my moneys gone now  
Because I bet the whole house gone lost  
Spend some nights in the dark but boy you lit the spark  
And now I'm cleaning up cause of your love

If there was only one dollar left in the world  
I spend it on you  
Cause you're worth every penny that I'll ever earn earn  
Oh baby it's you  
So cash me out now  
Cause I don't need to play this game no more  
So you can cash me out now  
Cause we got what the whole world looking for  
So cash me out out say oh oh  
So cash me out out say ooh ooh  
So cash me out out say oh oh  
So cash me out out yeah  
So cash me out  
So cash me out

If all the money stopped and we lived in a box  
It wouldn't matter as long as you were right here  
Shelter me from the cold but you're my pot of gold  
My chips are stacking cause you're holding my hand

If there was only one dollar left in the world  
I spend it on you  
Cause you're worth every penny that I'll ever earn earn  
Oh baby it's you  
So cash me out now  
Cause I don't need to play this game no more  
So you can cash me out now  
Cause we got what the whole world looking for  
So cash me out out say oh oh  
So cash me out out say ooh ooh  
So cash me out out say oh oh  
So cash me out out yeah  
So cash me out  
So cash me out  
So cash me out

So cash me out now  
Cause I don't need to play this game no more  
So you can cash me out now  
Cause we got what the whole world looking for  
So cash me out  
So cash me out
