

For Justice

Zardonic

We're coming back for you
For justice (x2)
We're coming down on you
For justice (x2)
We're coming back for you
For justice (x2)
So we're coming back for you

Rock your brain
Build the maze
Break it down and back again
Nothing left but soul to sell
Clench your fist and give them hell
I will break your fucking neck
Shore them up for the attack
My restless bones don't feel devoured
Nothing says the end

Now you know it
We're coming, for justice
We make you pay for everything and
Crush your pride against the ground

Can you feel it?
You fucking saw me!
Your time is coming!
So we're coming back for you
For justice
We're coming back for you
For justice (x2)
We're coming down on you
For justice (x2)
We're coming back for you
For justice (x2)
So we're coming back for you

So light it up (x4)
We're coming back for you

So we're coming back for you

For justice

Rock your brain
Build the maze
Break it down and back again
Nothing left but soul to sell
Clench your fist and give them hell
I will break your fucking neck
Shore them up for the attack
My restless bones don't feel devoured
Nothing says ...

Can you feel it?
You fucking saw me!
Your time is coming!
So we're coming back for you
