

You Wish You Knew

Zayn

Girl I got a problem
Unless we trust
You could be the best friend
Or you could be the one I love
But girl I got a problem
Unless we trust in love

Don't wanna put my love in you
Don't wanna make a headline and lose
Don't wanna be the one that you choose
'Cause I'm the one, the one, the one that you wish you knew

You wish you knew
You wish you knew
You wish you knew
You wish you knew

Don't wanna be the one that you choose
'Cause I'm the one, the one, the one that you wish you knew

Well you say one thing
But do you mean that?
Holdin' onto nothin'
Why you holdin' back?
'Cause girl I got a problem
Unless we trust
Yeah girl I got a problem
Trust in love

Don't wanna put my love in you
Don't wanna make a headline and lose
Don't wanna be the one that you choose
'Cause I'm the one, the one, the one that you wish you knew

You wish you knew
You wish you knew
You wish you knew
You wish you knew

Don't wanna be the one that you choose
'Cause I'm the one, the one, the one that you wish you knew

Do you hear yourself when you speak?
Do you see yourself desperately talkin' shit?
Tryna act like you mad
I don't know you like that
I don't know you like that

Don't wanna put my love in you
Don't wanna make a headline and lose
Don't wanna be the one that you choose
'Cause I'm the one, the one, the one that you wish you knew

You wish you knew
You wish you knew
You wish you knew
You wish you knew

Don't wanna be the one that you choose
'Cause I'm the one, the one, the one that you wish you knew
