

Heaven Or Hell

Zed Yago

There is a world
inside of me
pictures you can't see
are you bold enough
to follow me
when you are loosing ground
you will see the level
which I have found
climb this smooth wall
otherwise you will never know
whats behind the reality

Is this the gateway to heaven
or the stairs down to hell
is this the gateway to heaven
or the stairs down to hell

Now you are on your way
you not alone in this lonley train
you find your stateroom
but without windows and no doors
don't scream for rescue

Is this the gateway to heaven
or the stairs down to hell
is this the gateway to heaven
or the stairs down to hell

You better not believe in words
what you see is the one and only reality

Is this the gateway to heaven
or the stairs down to hell
is this the gateway to heaven
or the stairs down to hell...
