

To The Top Of The Mountain

Zed Yago

You are the lord of all ocean life
Come on and see the light
When the rock jaws open, spirit songs
The depth of the ocean, fantasy or reality
Fairy-tales in a magic world
They pull you down, a drum sounds
There is a light at the end
In the invisible world of the shaman

Rock
To the top of the mountain
Rock
Silver clouds are passing by
Rock
To the top of the mountain
Rock
I wish I touch the sky

Like a bird in a golden cage
A prisoner, why they treated me like this
But I'm strong, you are weak and wrong
So why you keep holding on

You are the lord of all ocean life
Come show us, what's wrong or right
Send your ghost maid across the sea
To cleanse the souls of you and me
Into the depth of your magic world
You can teach us to understand
Just use the power of your right hand
In the invisible world of the shaman

Rock
To the top of the mountain
Rock
Silver clouds are passing by
Rock
To the top of the mountain
Rock
I wish I touch the sky

Rock
