

I'm Cold

Zed

I've been waiting for years now, or so it's seems
I've been waiting for word to come down on what's up
I've been rolling over trying to get some sleep
But the night is cold and someones taken my bed

And I'm cold
More than you'll ever know
Yeah I'm cold
Or so I'm told

I've been waiting for someone to ease my pain
I've been waiting for someone you can see
I've been rolling for years now, or so it seems
But I ain't got a handle on who's upstairs

And I'm cold
More than you'll ever know
Yeah I'm cold
Or so I'm told

Super fightin', super trigg'in', super trooper action figure (3x
)

Wanna take me on? I know ya wanna take me cos you're
super, you're fightin, you're trigg'in!
I'm cold or so i'm told it's more than you'll ever know
I'm gonna steal the show from "huh" but it's not like that
I'm singly doubly fine and i'm going to triple your
time trying to rhyme but no can do it's so true cos
i'm cold...

Yeah I'm cold
More than you'll ever know
Yeah I'm cold
Or so I'm told
