

over and over

Zeds Dead

Been tryin' to scream over the noise
But you're just another, another voice
They're calling your name and you turn around
So easily, you, you lose your voice
Over and over and over and over

Over and over and over and over
You die for the cause

You are the [?], you rise from the dead
But now, you're nobody like everyone else
Over and over and over and over
You die for the cause
Over and over and over and over

Over and over and over and over
You die for the cause
