

Save My Grave

Zeds Dead

You made my eyes see brighter days
Feel as if you run through my veins
I'm wondering if the way
I'll arrive to my death
Is late, drunk and in love
Late, drunk and in love
(Late, drunk)

I'm asking you if I may
Take a piece of you away
I'm wondering if the way
I'll arrive to my death
Is late, drunk and in love
Late, drunk and in love

So I'll be here waiting
Until my heart is shaking
In the mess you made me
My demons overtake me
I'm honestly breaking
Like the promises you made me
Never wanted it to end up this way
Save my grave

Save my grave
Save my, save my grave
(Save my grave)

I was not okay to walk away
I was so scared you wouldn't follow me
(Follow me)

But maybe you were only tryna take me high, so high
Daydream, you gave me the wings to fly so high
Lately, I'm feeling terrified, so I
Let my mind fight me in the darkest night

So I'll be here waiting
Until my heart is shaking
In the mess you made me
My demons overtake me
I'm honestly breaking
Like the promises you made me
Never wanted it to end up this way
Save my grave

Save my, save my grave
Save my, save my grave
Save my, save my grave
(Save my, save my grave)

I was not okay to walk away
I was so scared you wouldn't follow me
