

# Take A Chance

Zeds Dead

Take a chance  
Always lived life with a risky plan  
Never would've thought that it'd get so sad  
Life's a joke. Does it make you {hahaha}I be in the sky  
I be on some shit that'll make you fly  
It's all for the ride  
Why feel low when you can feel high?  
Why feel low when you can feel high?  
It's the world that we live in  
It's all too dull, and it's all too vivid  
Everything wrong but the world keep spinnin'  
And if I were king it would all be different  
Wish I coulda made you proud  
It's too bad how things turned out  
Hands on your head  
Face to the ground  
Try to get up and I shut you down

I be in the sky  
I be on some shit that'll make you fly  
It's all for the ride  
Why feel low when you can feel high?  
Why feel low when you can feel high?

Mr. Doubtful didn't they  
Mr. Doubtful didn't they tell  
Mr. Doubtful didn't they tell you  
There's demons up in the ceiling, and they say that they're here to help you

Close your eyes  
Why feel low when you can feel high?  
Close your eyes  
Why feel low when you can feel high?

Let it crawl through your veins  
Let it be, let it breathe  
Let it alter your brain  
Let it wash away  
Let it take your breath  
Let it cause you pain  
I've watched you change  
There's no where safe just walk away  
I've seen ya scheme  
I've watched your hand  
I've lost your game  
Say, lets play ball  
Aim for the stars, winner takes all  
Take it to the top, and then watch them fall  
Don't be alarmed, that's who you are  
What a thing to say  
Everything to lose, and nothing to gain  
Looking for the sun, but you end up in the rain  
Truth be told that's everyday
