

Where The Wild Things Are

Zeds Dead

You and I
We've been running away from space and time
If we don't fit in the grand design
Then no one can ever confine us, and no one can ever define us

We're just trying to live where the wild things are
Where the wild things are
We are, we are
We're just trying to lay with the lion-hearts
With our rebel scars
We are, we are
Walk a winding road
Born of fire and gold
We're just trying to live where the wild things are
Where the wild things are
Where the wild things are

You and I
Born and raised under fluorescent lights
Yeah, we live the life so comprised
But, you got the touch of a Midas
And I've got the strength of a Titan

We're just trying to live where the wild things are
Where the wild things are
We are, we are
We're just trying to lay with the lion-hearts
With our rebel scars
We are, we are
Walk a winding road
Born of fire and gold
We're just living trying to live where the wild things are
Where the wild things are
Where the wild things are

We're just trying to live where the wild things are
Where the wild things are
We are, we are
We're just trying to live where the wild things are
Where the wild things are
Where the wild things are
