

Starlight

Zella Day

When the sun comes up
And you have to go back home again
Rest your head on your pillow
And dream about the night we've spent

We found one's bethel got on them sorrow
Chasing something I won't be tomorrow

Starlight
Young in our eyes
Running away with you
And sometimes I go back in my mind
To where it was all brand new woo

On these cool cold streets
No one open up their eyes
On our own little planet
It's only you and me tonight

Swaying goal get our feet touch the water
Scared things don't went just sons and daughters

Starlight
Young in our eyes
Running away with you
And sometimes I go back in my mind
To where it was all brand new

Bill beans reach down to my fingers
wrap my arms around you
And someday I'll try to remember how to get back to

Starlight
Starlight
Young in our eyes
Running away with you
And sometimes I go back in my mind
To where it was all brand new

Starlight
Starlight starlight starlight
When the sun comes up
And you have to go back home again
