Blood Music

Zeromancer

Lowlifes on gossip Bypass the mind Head for the heart Do you feel love? It's not like I don't care We are not going anywhere Thinking loud and clear Where will I be in a year? Two hearts slamming As one It's Blood music Pop up leeches You know a climax ain't the end of it Do you feel love? It's not like I don't care We are not going anywhere Thinking loud and clear Where will I be in a year Come on Two hearts slamming As one

It's Blood music
