

So lost to the depth  
Of one emerald sea  
White as the ghost inside  
You were torn away from me

Love, Love, Love cut you deep  
Love, Love, Love cut you deep

Once the arrow  
Slammed through my chest  
I thought you were special  
Not like the rest

So lost to the depth  
Of one emerald sea  
Forever is a blindness  
Torn away from me

Love, Love, Love cut you deep  
Love, Love, Love cut you deep  
Love, Love, Love cut you deep  
Love, Love, Love cut you deep

It's the sound of those dry matches  
Being lit  
It's the deepest breath  
You will ever draw  
To the clicks of a million watches

Love, Love, Love cut you deep  
Love, Love, Love cut you deep

I found myself  
But lost you somewhere along  
All hope is gone  
What have I done?  
Always torn between right or wrong

Love, Love, Love cut you deep  
Love, Love, Love cut you deep  
Love, Love, Love cut you deep  
Love, Love, Love cut you deep  
Love, Love, Love cut you deep  
Love, Love, Love cut you deep  
Love, Love
