

Montreal

Zeromancer

All lined up for me
Floors open beneath my feet

I need some room
I don't want to hurt you
Take your pills and go to sleep
Patience is a virtue
blur the lines
In the twilight
You are falling
You keep on calling my name

I'm still waiting on you
To save me
To save me
I'm still waiting on you
To come and save me
To save me

I'm still waiting on you
To save me
To save me
I'm still waiting on you
To come and save me
To save me

Give me some room
or I will hurt you
Patience is not my virtue
Montreal
She sleeps with the lights on

Now I'm still waiting on you
Oh, Montreal
Oh, Montreal
Now I'm still waiting on you
Oh, Montreal
Oh, Montreal
