

Neo Geisha

Zeromancer

Play
Let's play
It's so cold
So alone
Play
Let's play
Like there's no tomorrow

Hey Now Now
My Neo Geisha
Helterspace

Hey Now Now
My Neo Geisha
Helterspace

So give in to the voice inside your head
Repeating everything you've said
Give in for the S in suicide
Give in to the pain
My Neo Geisha

From the bottom
Of my inflatable heart
I'll give you one chance to pray
For a happy end that doesn't exist
For a goodbye that's never been kissed

Hey Now Now
My Neo Geisha
Helterspace

Hey Now Now
My Neo Geisha
Helterspace

So give in to the voice inside your head
Repeating everything you've said
Give in for the S in suicide
Give in to the pain
My Neo Geisha

I catch you right before you fall
The 21st century doll
I see your face in a mirror ball

So give in to the voice inside your head
Repeating everything you've said
Give in for the S in suicide
Give in to the pain
My Neo Geisha

Hey Now Now
My Neo Geisha
Helterspace

Hey Now Now

My Neo Geisha
Helterspace
