Zola Jesus

I don't have a reason to go back home  
So what am I supposed to do?  
What am I supposed to do?  
I only know one place where I have to be  
And it's gotta be with you  
It's gotta be with you  
I'm on my way now  
I'm on my way now  
So you gotta help me out  
You gotta help me out  
You gotta make it out for me  
You gotta make it out for me

How could we survive?  
Yeah just think about  
Think about the kids  
Just let your spear arrive  
Yeah don't worry about  
Don't worry about the rest

There is a fire that burns on my tongue  
So what can I ever do?  
What can I ever do?  
I see the calm that you feel and your love  
And I wanna feel it too  
I wanna feel it too  
I will find you, oh I will find you  
So you gotta help me out  
You gotta help me out  
You gotta make it out for me  
You gotta make it out for me  
Oh ooh

How could we survive?  
Yeah just think about  
Think about the kids  
Just let your spear arrive  
Yeah don't worry about  
Don't worry about the rest

How could we survive?  
Yeah just think about  
Think about the kids  
Just let your spear arrive  
Yeah don't worry about  
Don't worry about the rest
