

Creepy Crawler

Zombie Girl

There's something crawling,
There something crawling in the dark
I don't see it but I know it's after me

There's something lurking
There something lurking in the dark
I don't see it but I know it's after me

I don't feel it
I'm not afraid of it
Cause I'm as evil as can get it
Nothings ever scared me yet

Hey hey hey
Creepy crawler
What's wrong with you now you see a little smaller

Hey hey hey
Creepy crawler
If that's the way if came you're not worth a dollar

There's something lurking
There something lurking in the dark
I don't see it but I know it's after me

There's something crawling,
There something crawling in the dark
I don't see it but I know it's after me

Cause I'm as evil as can get
Nothings ever scared me yet
Cause I'm as evil as can get
Nothings ever scared me yet

There's something lurking
There something lurking in the dark
I don't see it but I know it's after me

There's something crawling,
There something crawling in the dark
I don't see it but I know it's after me

Hey hey hey
Creepy crawler
What's wrong you now you see a little smaller

Hey hey hey
Creepy crawler
If that's the way if came you're not worth a dollar
